

VOLUNTEER OPPORTUNITIES

Communities grow stronger when residents regularly do a variety of simple things that give them chances to connect with others, build trust and get involved in doing things together. The connections built when helping others with everyday tasks makes bigger projects possible and builds individual and community spirit and resilience.

Lakes and Pines offers a variety of opportunities for individuals and groups to connect with your neighbors and community. Volunteer for a couple hours or on a regular basis. A few hours of your time will make a huge difference to a neighbor, your community and yourself.
